## ABOUT BKIT KOTA

The Bal Krishna Institute of Technology (BKIT), Kota is established in 2013 by Shri Nath Ji Education and Human Welfare Society. The Society is functional for social and educational work since 2006-2007. The college is situated on 4.5 acre of land at RIICO Institutional Area (Ranpur), Kota. In close proximity from Kota city (Rajasthan).

BKIT Kota is one of the best technical institute of North India, an Educational Venture of Joshi Group. It has state-of-the-art infrastructure with A.C. Classrooms, lush green Wi-Fi enabled campus to let its students live in an education conducive atmosphere that keeps them the most comfortable and enthusiastic while learning and provides them a glimpse of glorious life that they can win for themselves. BKIT is a synonym for qualitative pursuit which churns the knowledge of the students in order to reap the best technocrats who can change the shape of the global standards in engineering arena. The college is affiliated to RTU Kota and approved by AICTE, New Delhi.

## BKIT Provide You World Class Infrastructure and International Exposure

**International Exposure**
